WELCOME

On behalf of NUCA KC, it is my honor to welcome you to the 9th Annual Greater Kansas City Area FY22 Capital Improvement Projects Update.

We understand that the ongoing COVID-19 situation is an unprecedented challenge for everyone, both personally and professionally. Our hearts and thoughts go out to all of our colleagues, families and, anyone affected by the virus.

The impact of COVID-19 is forcing organizations from all fields and industries to reconsider their all-important events in 2021, and ours is no exception. While we will miss seeing you in-person, we do look forward to the upcoming video conference. We are hopeful that next year we can once again meet together in the same space.

At this time, we would like to share with you some of the things that NUCA KC was involved with in 2020-2021. It is our hope that through our continued outreach we will grow in numbers and strength as we strive to work for the greater good of Kansas City.

- June 2020 - Kansas City's Capital Improvement Projects Update FY22
- July 2020 - NUCA KC Scholarships
- July 2020 - NUCA Government Relations Meetings
- September 2020 - NUCA Washington, D.C. Summit
- November 2020 - Topgolf
- February 2021 - NUCA National Convention - Naples, FL

Thank you to all the local municipalities that have provided us with information on their upcoming projects. We have pulled together an amazing group that will be sharing this information with you.

Let us continue to work together as we strengthen the infrastructure of the Greater Kansas City area, and keep our cities and communities moving forward. Thank you for attending the Greater Kansas City Area Capital Improvement Projects Update.

Tony Privitera
President, NUCA KC
