Phone:

872-212-5076 (toll)
Phone Conference ID 126 934 234#

To improve water system reliability, capacity, and fire protection, KC Water is replacing nearly 3.8 miles of break prone 4-inch, 6-inch, 8-inch, and 12-inch water mains near where you own or occupy property.

See the other side for a map showing where the work will occur and how the work may affect you.

Questions? Attend the online public meeting, or see “How Can I Learn More?” on the other side.

WATER MAIN REPLACEMENT

In the Area of Booth Avenue to Willow Avenue, E. 28th Terrace to E. 50th Street

WHAT'S HAPPENING?

KC Water covers 319 square miles of Kansas City with an intricate network of nearly 2,800 miles of water pipelines, control valves, storage tanks, pump stations, and more. Some of that infrastructure is more than a century old.

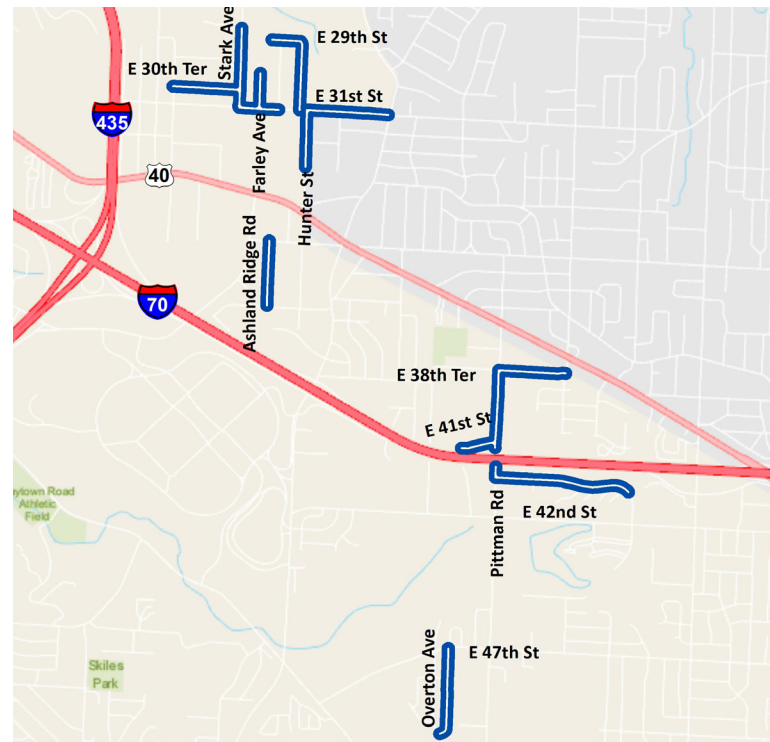

This project is part of a comprehensive master plan to reduce water main breaks, increase reliability, and enhance fire protection. By keeping the system up to date, Kansas Citians will have improved service now and sustainable water service for generations to come.

HOW WILL THIS AFFECT ME?

- Traffic on streets outlined in blue on the map may be temporarily narrowed or closed. Affected property will always have access.
- Large equipment will create noise and dust, which will be controlled.
- Water service will be shut off for brief periods. You will get advance notice.
- If your water meter is inside, we will move it outside.
- We will restore all excavations. Lawns will be restored in season.

HOW CAN I LEARN MORE?

- Attend the online public meeting. Details on front. Can't make it? A recording will be posted at www.kcwater.us/projects/current-projects
- Visit www.kcwater.us/projects/current-projects and click on the Booth-Willow project link.
- Contact Jason Conklin, Project Manager, Infrastructure Solutions, 816-606-6280 or jconklin@i-solutionsllc.com
- Contact Sean Allen, KC Water Resident Agent, 816-513-0318 or sean.allen@kcmo.org
- Contact Reza Zonnooz, KC Water Project Manager, 816-513-0309 or reza.zonnooz@kcmo.org

THANK YOU!

These are important water infrastructure improvements for you, your neighbors, and the City. We are grateful for your patience, cooperation and support as we upgrade Kansas City together.
