

# Become a certified water superstar with

To become a certified water superstar, complete the bingo board using the following directions. You may print this bingo board or edit it digitally.

1. You will get a BINGO after you complete 5 activities in a row (or 4 and the free space) either horizontally, diagonally, or vertically. OR.....
2. You will get a BINGO after you complete 1 of each type of activity, even if they are not in a row.
3. The types of activities are:
  - a. Art: Chose an art project that interests you. Click on the link for directions and ideas.
  - b. Experiment: Choose an experiment that interests you. Click on the link for directions.
  - c. Video: Choose a video that is right for you. Click on the link to watch the video. Some videos may have a short survey to help us collect data on how many people are watching lessons.
  - d. Complete the scavenger hunt with a grown-up. Each scavenger hunt is the same, you only need to click on one.
  - e. Complete a pollution pickup with a grown-up. Be sure to read the directions and safety information carefully. Each link for pollution pickup is the same.
4. Send us a picture of your competed bingo board. If you like, you may include pictures of the activities you completed as well. Include the name of each child who completed the bingo board and an email to receive certificates. Send emails to:
