LOWER BRUSH CREEK MASTER PLAN, THE PASEO TO BLUE RIVER

CITYWIDE PARKS MASTER PLAN 2032

SMART SEWER PROGRAM IMPLEMENTATION

LOWER BRUSH CREEK MASTER PLAN, THE PASEO TO BLUE RIVER

INVENTORY - CONCURRENT PROJECTS

PROJECT GOALS

The primary goal of the Master Plan is to create a comprehensive plan for managing the parkland along the Lower Brush Creek corridor. This will be accomplished by:

SOLICITING PUBLIC INPUT

Workshop participants will have the opportunity to provide input on potential recreational, cultural and environmental benefits.

ENGAGING PARTNERS

Community partners help identify benefits for flood risk management, ecosystem restoration, and enhanced recreation and cultural opportunities.

DEVELOPING A VISION FOR THE CORRIDOR

Your input is needed to identify features and programming opportunities that will comprise the Master Plan, and to establish a long-range vision for sustainable improvements to improve the quality of life and beneficial use of this corridor.

SCHEDULE

The Lower Brush Creek Master Plan involves four stakeholder and public workshops.

WORKSHOP 1 – APRIL 2023

Introduction of the master planning process

WORKSHOP 2 – MAY 2023

Collection of public ideas and feedback on Master Plan features.

WORKSHOP 3 – JULY 2023

Presentation of potential Master Plan components.

WORKSHOP 4 – AUGUST 2023

Refinement and completion of Master Plan components.

CONCLUSION

At the conclusion of the fourth workshop, the project team will finalize the workshop findings and incorporate them into the Master Plan.

LOWER BRUSH CREEK MASTER PLAN WORKSHOP

THANK YOU FOR COMING
