

INVESTING IN KC

WATER MAIN REPLACEMENT COMING

Grandview Road to Lees Summit Road, Gregory Boulevard to Longview Road.

September 2024 to December 2025

You're Invited to an Online Public Meeting on October 10th

KC Water is replacing about 2.5 miles of break-prone water mains on more than a dozen sites in several neighborhoods in South Kansas City, including at or near property you own or occupy at 2414 SW 11TH TER.

Learn more on the KC Water website. You also are invited to meet the project team in a live, online question-and-answer session. See other side for details.

Kansas City's water system is an intricate network of nearly 2,800 miles of water pipelines, control valves, storage tanks, pump stations, and more. This initiative is part of a comprehensive program to improve water service now and provide sustainable water service for generations to come.

Contact the Project Team Directly

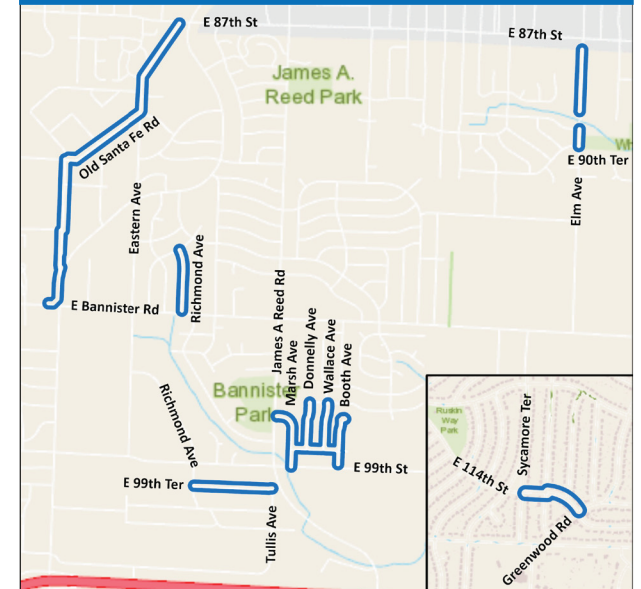

Before, during or after this project, contact us anytime. We will reply promptly during business hours.

- KC Water Project manager Reza Zonnouz, reza.zonnouz@kcmo.org, (816) 513-0309
- KC Water Resident inspector on the project, Bryan Wagner, bryan.wagner@kcmo.org, (816) 797-0186
- Contractor Project manager, Chad Haines, chad@hainesassoc.com, (816) 215-2600

How Will This Affect Me?

- Traffic lanes may be temporarily closed, but you will always have access to your property.
- Large equipment will create noise and dust, which will be controlled.
- Water service will be shut for brief periods. You will get advance notice.
- If your residence water meter is inside, we will move it outside.
- We will restore the street, curbs, driveways and sidewalks. We will restore lawns in season.

Map of the Area

THANK YOU! We intend to improve your water service with as little disruption as possible. We are grateful for your patience, cooperation, and support as we upgrade Kansas City together.
