

INVESTING IN KC

WATER MAIN REPLACEMENT COMING

in the Area of E 14th St to E 29th St and Askew Ave to Oakley Ave

November 2025 to July 2026

You're Invited to an Online Public Meeting on October 23rd, 2025

KC Water is replacing about 1.82 miles of break-prone water mains at or near property you own or occupy at [property address].

Learn more on the KC Water website. You also are invited to meet the project team in a live, online question-and-answer session. See the other side for details.

Kansas City's water system is an intricate network of nearly 2,800 miles of water pipelines, control valves, storage tanks, pump stations, and more. This initiative is part of a comprehensive program to improve water service now and provide sustainable water service for generations to come.

How Will This Affect Me?

- Traffic lanes may be temporarily closed, but you will always have access to your property.
- Large equipment will create noise and dust, which will be controlled.
- Water service will be shut for brief periods. You will get advance notice.
- If your residence water meter is inside, we will move it outside.
- We will restore the street, curbs, driveways and sidewalks. We will restore lawns in season.

THANK YOU! We intend to improve your water service with as little disruption as possible. We are grateful for your patience, cooperation, and support as we upgrade Kansas City together.
