

INVESTING IN KC

WATER MAIN REPLACEMENT

In the Area of Terrace Street to Euclid Avenue,
E. 3rd Street to W. 32nd Terrace

Replaces approximately 4,700 feet of break-prone
6-inch, 8-inch, and 12-inch cast iron pipe water mains.

PUBLIC MEETING

What: Water Main Replacement

When: Thursday, December 20, 2018
6:00 p.m.

Where: Tony Aguirre Community Center
2050 W. Pennway Street
Kansas City, MO 64108

— Project Work

January 2019 to September 2019

YOUR INVESTMENTS AT WORK

WATER MAIN REPLACEMENT

In the Area of Terrace Street to Euclid Avenue, E. 3rd Street to W. 32nd Terrace

WHAT

- Important infrastructure work will be performed in your neighborhood.
- Water mains will be replaced and realigned throughout the project.

WHY

- KC Water is undertaking this project to improve distribution system reliability, increase hydraulic conveyance capacity, and support fire protection.

WHEN

- Weather permitting, work will begin January 2019 and conclude approximately September 2019.

WHO

- KC Water in partnership with Rodriguez Mechanical Contractors, Inc.

WHAT TO EXPECT

- Large equipment will be used, creating noise and dusty conditions, which will be controlled.
- Affected curbs, driveways, and other pavement will be replaced.
- Disturbed lawns will be restored after work is completed and as the season permits.
- Ordinary travel routes may be temporarily restricted.

IMPROVEMENTS

- Fewer anticipated water main breaks
- Increased reliability
- Fewer service disruptions
- Enhanced neighborhood fire protection

WHERE

- Replace 1,200 feet of 8-inch cast iron pipe water main with 8-inch ductile iron pipe along Linwood Boulevard from Main Street to McGee Street
- Replace 1,300 feet of 12-inch cast iron pipe water main with 12-inch ductile iron pipe along Terrace Street from W. 31st Street to the dead end
- Replace 1,050 feet of 8-inch cast iron pipe water main with 8-inch ductile iron pipe along West Bluff Drive, from 23rd Street to 21st Street
- Replace 500 feet of 8-inch cast iron pipe water main with 8-inch ductile iron pipe along Wyandotte Street from W. 12th Street to W. 13th Street
- Replace 650 feet of 8-inch cast iron pipe water main with 8-inch ductile iron pipe along E. 16th Street from Woodland Avenue to Euclid Avenue
