

INVESTING IN KC

WATER MAIN REPLACEMENT

In the Area of Glen Arbor Terrace to Virginia Avenue and 110th Street to 117th Street

Due to age and deterioration of current infrastructure, KC Water plans to replace approximately 5,930 feet of break-prone 2-inch, 4-inch, 6-inch, and 8-inch cast-iron water pipes with more durable ductile-iron water mains.

YOUR INVESTMENTS AT WORK

WATER MAIN REPLACEMENT

In the Area of Glen Arbor Terrace to Virginia Avenue and 110th Street to 117th Street

WHO

- KC Water in association with Blue Nile Contractors

WHAT

- Important infrastructure work will be performed in your neighborhood.
- Water mains will be replaced with larger diameter and more durable pipes.

WHEN

- Weather permitting, work will begin in mid-October 2019 and conclude in April 2020.

WHY

- KC Water is undertaking this project to improve distribution system reliability, increase hydraulic conveyance capacity, and support fire protection.

IMPROVEMENTS

- Fewer anticipated water main breaks
- Increased reliability
- Fewer service disruptions
- Enhanced neighborhood fire protection

WHERE

- Along 110th Street from Holmes Road to Virginia Avenue
- Along Walnut Street from Red Bridge to E. 113th Street
- Along 114th Street from Glen Arbor Terrace to Wornall Terrace
- Along 116th Terrace from Troost Avenue to 117th Terrace

WHAT TO EXPECT

- Water meters located inside existing structures will be replaced and relocated outside of the structure in a small, secure, covered vault in the ground.
- Large equipment will be used, creating noise and dusty conditions, which will be controlled.
- Affected curbs, driveways, and other pavement will be replaced.
- Disturbed lawns will be restored after work is completed and as the season permits.
- Ordinary travel routes may be temporarily restricted.
