

# INVESTING IN KC

## **KCWATER** **WATER MAIN REPLACEMENT**

**In the Area of Norfleet Road to Phelps Road  
and U.S. 40 Highway to E. 62nd St.**

Replacing approximately 6,730 feet of 6-inch, 8-inch, and 12-inch cast iron pipe and PVC water mains with break-prone 6-inch, 8-inch, and 12-inch ductile iron pipe water mains. The work includes transfer of customers' water service connections from existing mains to new mains and restoration of roads and properties.

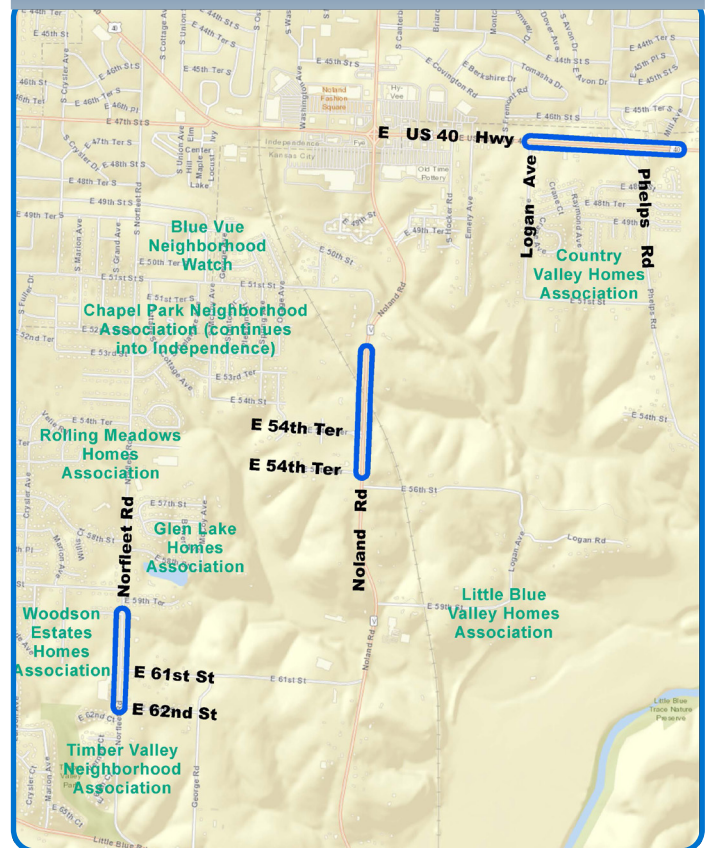

### PUBLIC MEETING

**What:** Water Main Replacement

**When:** Thursday, January 9, 2020  
6:00 p.m.

**Where:** Norfleet Elementary School  
6140 Norfleet Road  
Kansas City, MO 64133

### PROJECT AREA

 Project Work

**February 2020 to August 2020**

# YOUR INVESTMENTS AT WORK

## WATER MAIN REPLACEMENT

In the Area of Norfleet Road to Phelps Road and U.S. 40 Highway to E. 62nd St.

### WHO

- KC Water in partnership with Kissick Construction Company Inc.

### WHAT

- Important infrastructure work will be performed in your neighborhood.
- Water mains will be replaced and realigned throughout the project.
- Indoor water meters will be replaced and relocated outside homes.

### WHEN

- Weather permitting, work will begin in February 2020 and conclude in approximately August 2020.

### WHY

- KC Water is undertaking this project to improve distribution system reliability, increase hydraulic conveyance capacity, and support fire protection.

### IMPROVEMENTS

- Fewer anticipated water main breaks
- Increased reliability
- Fewer service disruptions
- Enhanced neighborhood fire protection

### WHERE

- Norfleet Road from E. 62nd Street to E. 59th Terrace
- Noland Road from E. 55th Terrace to approximately 750 feet north of the railroad crossing
- U.S. 40 Highway from Logan Avenue to approximately 700 feet east of the Phelps Road

### WHAT TO EXPECT

- Large equipment will be used, creating noise and dusty conditions, which will be controlled.
- Water and service will be interrupted for short periods of time. You will be notified beforehand with door hangers or by other means.
- Affected curbs, driveways, and other pavement will be replaced.
- Disturbed lawn areas will be seeded after work is completed and as the season permits.
- Ordinary travel routes may be temporarily restricted.
- Water meters inside homes will be replaced and relocated to a buried vault in your yard. If affected, we will require access to your home to remove the old meter.
