Conference ID: 873 963 747#

KC Water is replacing approximately 4,265 feet of aging, break-prone cast iron pipe and polyvinyl chloride (PVC) water mains with ductile iron pipe of equal or larger size near property you own or occupy at [PROP address].

This project will make our distribution system more reliable, enlarge pipeline capacity, and support fire protection. See reverse to learn how the work may affect you.

WATER MAIN REPLACEMENT

In the Area of Terrace Street to Gillham Road and Pershing Road to W. 33rd St.

WHAT'S HAPPENING?

KC Water covers 319 square miles of Kansas City with an intricate network of nearly 2,800 miles of water pipelines, control valves, storage tanks, pump stations, and more. Some of that infrastructure is more than a century old.

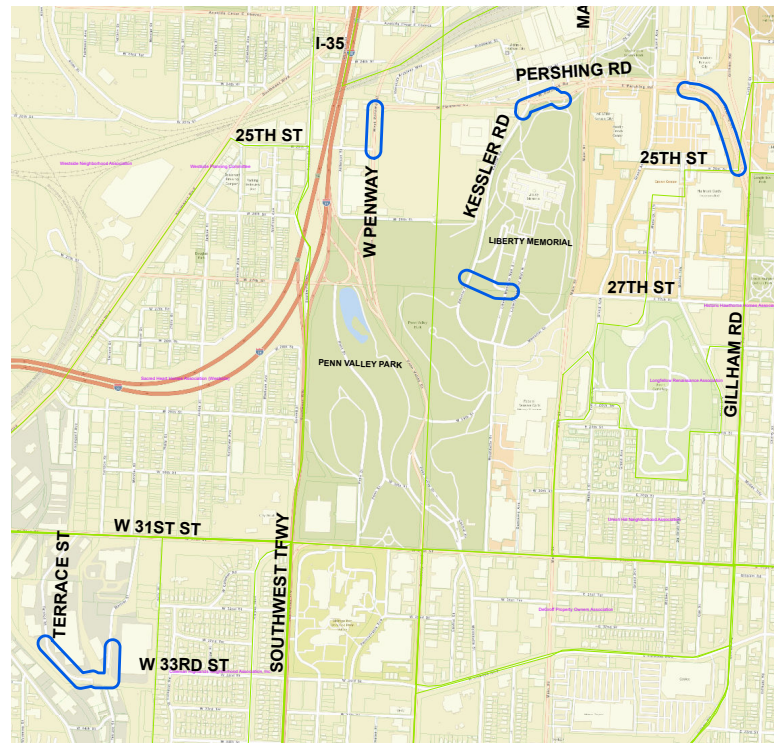

This project is part of a comprehensive master plan to reduce water main breaks, increase reliability, and enhance fire protection. By keeping the system up to date, Kansas Citians will have improved service now and sustainable water service for generations to come.

HOW WILL THIS AFFECT ME?

- Streets or traffic lanes may be temporarily closed, but you will always be able to drive to your property.
- Large equipment will create noise and dust, which will be controlled.
- We will restore any street, curbs, driveways, and sidewalks. We will restore lawns during planting season.
- Water service will be shut off for brief periods. You will get advance notice.
- If your water meter is inside, we will move it outside.

HOW CAN I LEARN MORE?

- Attend the online public meeting. Details on front. Can't make it? A recording will be posted at www.kcwater.us/projects/current-projects.
- Visit www.kcwater.us/projects/current-projects and click on the Terrace-Gillham project link.
- Contact John Wright, Project Manager, Pyramid Excavation & Construction, 816-765-4464 or john@pyramidexcavation.com
- Contact Bryan Wagner, Resident Inspector, KC Water, 816-797-0186 or bryan.wagner@kcmo.org
- Contact Terry Thomas, Project Manager, KC Water, 816-513-0262 or terry.d.thomas@kcmo.org

THANK YOU!

These are important water infrastructure improvements for you, your neighbors, and the City. We are grateful for your patience, cooperation and support as we upgrade Kansas City together.
