Phone Conference ID 223 873 680#

KC Water is replacing about 1.3 miles of break prone 6-inch and 8-inch water mains near property you own or occupy at [address].

This project will to improve distribution system reliability, increase hydraulic conveyance capacity, and support fire protection. See reverse to learn how this work may affect you.

WATER MAIN REPLACEMENT

In the Area of Holmes Road to Kelley Road and E. 139th St. to E. 155th St.

WHAT'S HAPPENING?

KC Water covers 319 square miles of Kansas City with an intricate network of nearly 2,800 miles of water pipelines, control valves, storage tanks, pump stations, and more. Some of that infrastructure is more than a century old.

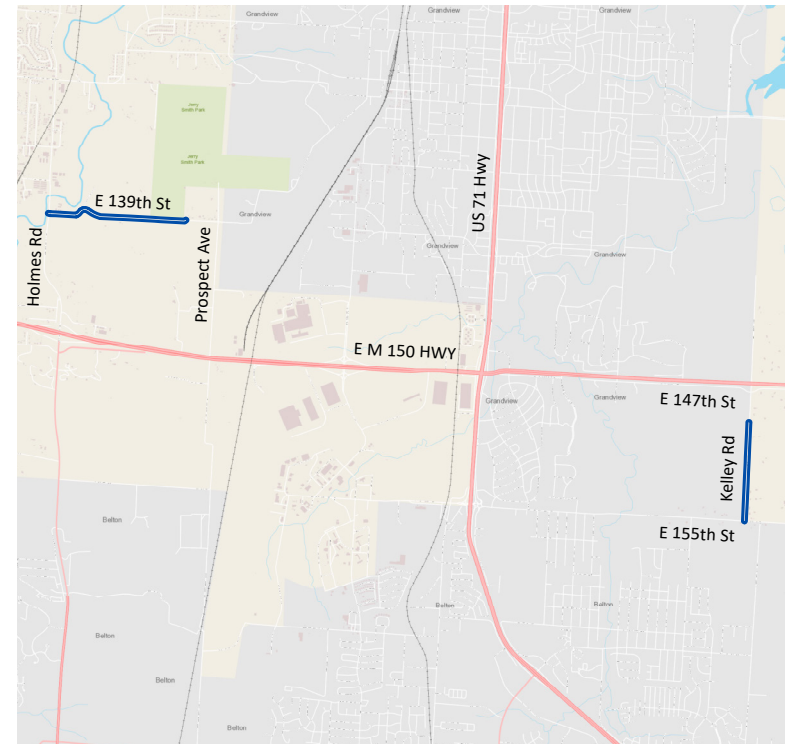

This project is part of a comprehensive master plan to reduce water main breaks, increase reliability, and enhance fire protection. By keeping the system up to date, Kansas Citians will have improved service now and sustainable water service for generations to come.

HOW CAN I LEARN MORE?

- Attend the online public meeting. Details on front. Can't make it? A recording will be posted at www.kcwater.us/projects/current-projects.
- Visit www.kcwater.us/projects/current-projects and click on the Holmes Road – Kelley Road project link.
- Contact Chad Haines, Haines & Associates Construction Co., 816-792-3905 or chad@hainesassoc.com
- Contact Jeremy Gardner, Haines & Associates, 816-215-2244 or jeremy@hainesassoc.com
- Contact Sean Allen, KC Water Resident Agent, 816-513-0318 or sean.allen@kcmo.org
- Contact Davis McDonald-MacLin, KC Water Project Manager, 816-513-0171 or davis.mcdonald@kcmo.org

HOW WILL THIS AFFECT ME?

- Streets or traffic lanes may be temporarily closed, but you will always be able to drive to your property.
- Large equipment will create noise and dust, which will be controlled.
- We will restore any street, curbs, driveways and sidewalks. We will restore lawns during planting season.
- Water service will be shut off for brief periods. You will get advance notice.
- If your water meter is inside, we will move it outside.

THANK YOU!

These are important water infrastructure improvements for you, your neighbors, and the City. We are grateful for your patience, cooperation and support as we upgrade Kansas City together.
