Click on “Link to N. Oak-N. Brooklyn  
Public Meeting”

**Phone:**

872-212-5076 (toll)  
Phone Conference ID 319 839 1#

KC Water is replacing approximately 4,505 feet of aging, break-prone cast iron pipe and polyvinyl chloride (PVC) water mains with ductile iron pipe of equal or larger size near property you own or occupy in the neighborhood.

See other side for a map of where the work will occur and how the work may affect you.

Questions? Join the public meeting online or by phone, or see “How Can I Learn More?” on the other side.

# WATER MAIN REPLACEMENT

In the Area of N. Oak Trafficway to N. Brooklyn Avenue and NE Russell Road to NE Englewood Road

## WHAT'S HAPPENING?

KC Water covers 319 square miles of Kansas City with an intricate network of nearly 2,800 miles of water pipelines, control valves, storage tanks, pump stations, and more. Some of that infrastructure is more than a century old.

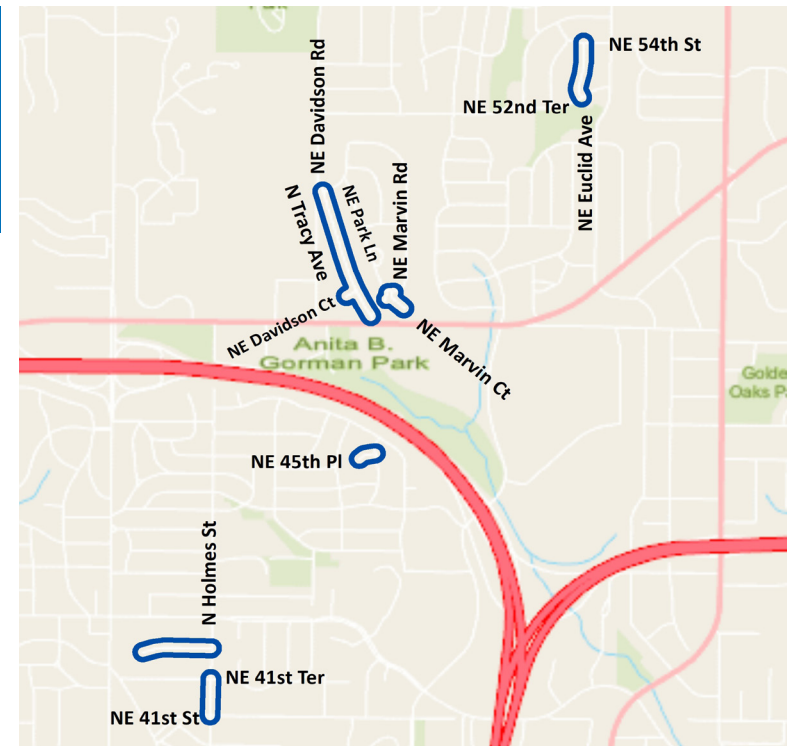

This project is part of a comprehensive master plan to reduce water main breaks, increase reliability, and enhance fire protection. By keeping the system up to date, Kansas Citians will have improved service now and sustainable water service for generations to come.

## HOW CAN I LEARN MORE?

- Attend the online public meeting. Details on front. Can't make it? A recording will be posted at [www.kcwater.us/projects/current-projects](http://www.kcwater.us/projects/current-projects).
- Visit [www.kcwater.us/projects/current-projects](http://www.kcwater.us/projects/current-projects) and click on the N. Oak-N. Brooklyn project link.
- Contact Fahteema Parrish, Project Manager, Parrish and Sons Construction, 816-914-1375 or [fahteema@parrishandsonsconstruction.com](mailto:fahteema@parrishandsonsconstruction.com)
- Contact Eamon Rader, Resident Inspector, KC Water, 816-590-2125 or [Eamon.Rader@kcmo.org](mailto:Eamon.Rader@kcmo.org)
- Contact Terry Thomas, Project Manager, KC Water, 816-513-0262 or [terry.d.thomas@kcmo.org](mailto:terry.d.thomas@kcmo.org)

## HOW WILL THIS AFFECT ME?

- Streets or traffic lanes may be temporarily closed, but you will always be able to drive to your property.
- Large equipment will create noise and dust, which will be controlled.
- We will restore any street, curbs, driveways and sidewalks. We will restore lawns during planting season.
- Water service will be shut off for brief periods. You will get advance notice.
- If your water meter is inside, we will move it outside.

## THANK YOU!

These are important water infrastructure improvements for you, your neighbors, and the City. We are grateful for your patience, cooperation and support as we upgrade Kansas City together.
