

INVESTING IN KC

WATER MAIN REPLACEMENT COMING

**In the the Area of Summit St. to
Citadel Drive and Nichols Drive to
E. 63rd St.**

To improve water system reliability, capacity, and fire protection, KC Water is replacing almost one mile of break-prone 6-inch and 8-inch water mains near property you own or occupy.

Questions? See “How Can I Learn More?” on the other side.

Please Attend the Public Meeting:

**Wednesday, December 15, 2021 | 6:30 p.m.
Rockhurst University Community Center
5401 Troost Ave., Kansas City, MO 64110**

Park in adjacent lots. Masks required.

DECEMBER 2021 – AUGUST 2022

YOUR INVESTMENTS AT WORK

WATER MAIN REPLACEMENT

In the the Area of Summit St. to Citadel Drive and Nichols Drive to E. 63rd St.

WHAT'S HAPPENING?

KC Water covers 319 square miles of Kansas City with an intricate network of nearly 2,800 miles of water pipelines, control valves, storage tanks, pump stations, and more. Some of that infrastructure is more than a century old.

This project is part of a comprehensive master plan to reduce water main breaks, increase reliability, and enhance fire protection. By keeping the system up to date, Kansas Citians will have improved service now and sustainable water service for generations to come.

HOW WILL THIS AFFECT ME?

- Traffic on streets outlined in blue on the map may be temporarily narrowed or closed. Affected property will always have access.
- Large equipment will create noise and dust, which will be controlled.
- We will restore all excavations. Lawns will be restored in season.
- Water service will be shut off for brief periods. You will get advance notice.
- If your water meter is inside, we will move it outside.

HOW CAN I LEARN MORE?

- Attend the public meeting. Details on front. Can't make it? A recording of the meeting and the presentation will be posted at www.kcwater.us/projects/current-projects.
- Visit www.kcwater.us/projects/current-projects and click on the Summit-Citadel project link.
- Contact John Wright, Project Manager, Pyramid Excavation & Construction, 816-765-4464 or jwright@pyramidexcavation.com.
- Contact Keenan Riley, KC Water Resident Inspector, 816 507-4602 or keenan.riley@kcmo.org.
- Contact Jerry Stevens, KC Water Project Manager, 816-513-0446 or jerald.stevens@kcmo.org.

THANK YOU!

These are important water infrastructure improvements for you, your neighbors, and the City. We are grateful for your patience, cooperation and support as we upgrade Kansas City together.
